## WELLSIDE NON-SLIP RUBBER UTE MATS

Ever had just about everything in the tray of your Ute slip and slide around all over the show? Don't worry anymore! Get a heavy duty and non-slip rubber wellside mat for the tray of your ute. Stop everything from slipping and sliding around while protecting your ute tray at the same time, also makes for easier cleaning, great as a non-slip surface for dogs as well.

### Features

- Heavy Duty 4mm thick rubber
- Non slip material
- Shaped to fit the ute tray of your vehicle
- Proudly manufactured in New Zealand
- Full 12 month manufacturer's warranty
- High-flexural fatigue resistance
- Resistant to tears and abrasions
- High-impact strength
- Good dielectric (Insulating) properties
- Excellent weather, chemical, fuel and oil resistance
- Recyclable
- Temperature range: -30°C to 140°C
- Available in two different finishes (raised dots or cross hatched)

These mats are custom made to fit the specific make, model, and year of the vehicle and are made to order and are made to fit your ute without a liner fitted, unless otherwise specified.

*NOTE: When placing your order, please make sure your choice is correct. If you are not sure about the fit, if your car is from a change-over year, just contact us and we can help.*
